

Changing lives. One child at a time.

LPSSS / Every day in October

We are pleased to share with you the LPSSS newsletter for the month of October. This paper seeks to convey the energy that each of our kids displayed during the month.

EVENTS & CELEBRATIONS

a) Silokhera Event

On 4th October 'Concentrix' visited the Silokhera campus and engaged with the students. Our students joined them at the Silokhera campus as well. 'Concentrix' conducted sessions and fun games in the campus. The lively dancers set the floor on fire with their peppy presentations. The colourful costumes of the little ones enhanced the pleasure of watching their performance.

b) Fidelity Event

'Fidelity' paid a visit to our campus on 8th October. Students welcomed the guests and presented a skit on the topic 'Initiative taken by the school to enhance the quality of education'. After that students of the senior wing showcased their creative and artistic skills by colouring the tote bags and decorating them vibrantly.

c) Diwali Celebration

'The festival of lights' came alive at Lotus Petal Senior Secondary School when the students and changemakers wore a festive look and made rangoli adorning the corridors.

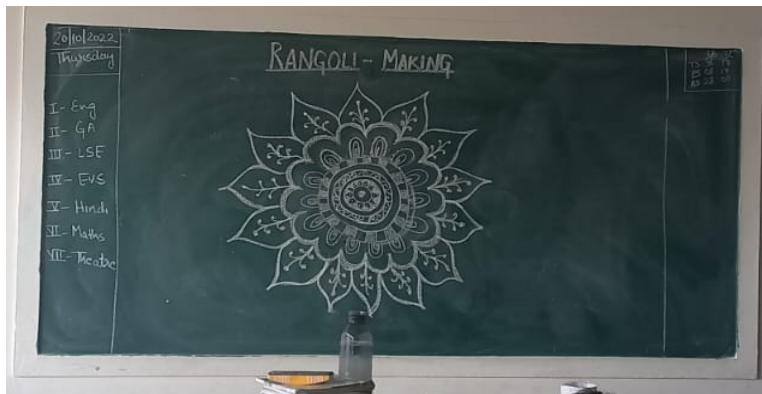

COMPETITIONS

" Creativity, as has been said, consists largely of rearranging what we know in order to find out what we do not know. Hence, to think creatively, we must be able to look afresh at what we normally take for granted. "

- **Inter-House Competitions**

a) Rangoli making (Grade 2 - 5)

The school organised an inter-house 'Rangoli Making' competition on November 20th to celebrate the festive season. Rangoli making is an integral part of India's traditional culture and embellishes the festivities. Participants made creative and colourful rangolis to initiate a festive ambience in their homes. Keeping both the art form and the tradition alive. Students participated with great vigour and enthusiasm.

b) Handmade decorative material (Grade 6 - 8)

'Best Out Of Waste' is one such craft which follows this environmentally friendly principle and at the same time creates useful and picturesque objects out of waste products. In order to make children aware of the uses of waste materials, a handmade decorative material competition was organised for students in Grade 6 - 8. Students displayed mind-blowing, fantastic concepts that exceeded all expectations. From various waste materials, they created models and artwork that were

really inventive and unique. The creativity and artistic streak of the children were observed.

- **Inter-School Competitions**

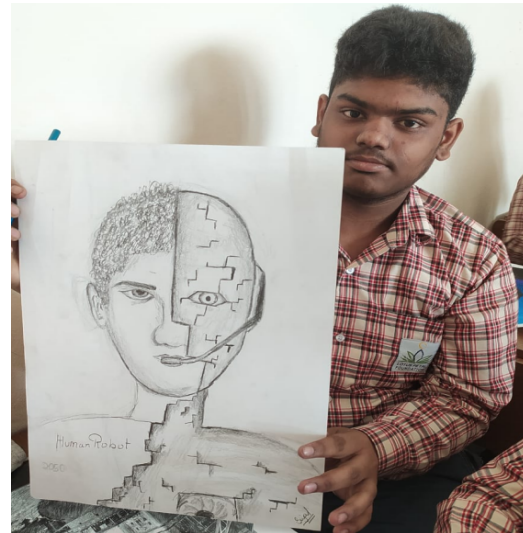

Limitations live only in our minds. But with one's imagination and creativity, possibilities become limitless. Keeping up with the same, an art competition was conducted by MDI Gurgaon for the flagship event for school children on Saturday 29th of October for all the students of Grade 3 to Grade 8.

The below mentioned activities were conducted :

Grade 3 to 5 (Theme : Best Out Of Waste)

Grade 6 to 8 (Theme : A World Ruled By Robots)

It was indeed a joyful experience for the students. They enthusiastically participated in the competition by exploring their imagination, enhancing their creative skills in their artistic styles. Certificates were also distributed for participation.

CLUB FIESTA

Students have the chance to demonstrate and refine their abilities, develop their leadership and social skills, and build tiny communities through school clubs.

a) Science and Analytical Club

The goal of the Science and Analytical Club is to give data science-interested students and academics a forum where they can discuss solutions to global issues and derive valuable insights. On

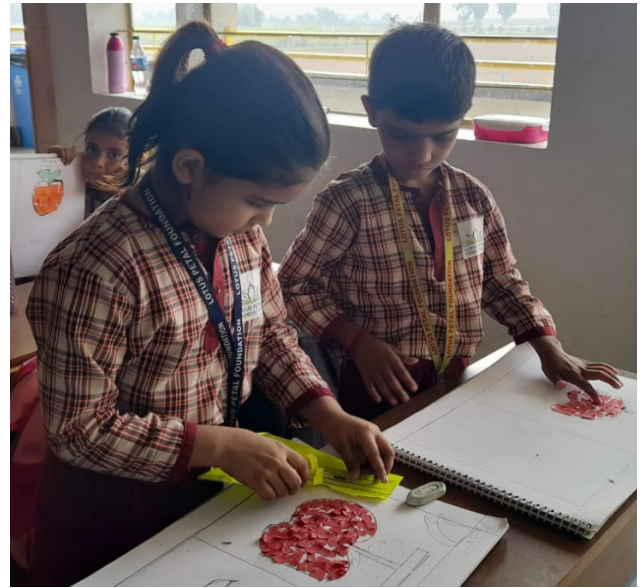

October 1st, there was a quiz competition where students were sorted into groups of four and given maths-related questions to answer in various rounds. The exercise was incredibly interesting.

b) Art and Craft Club

Children are encouraged to exercise their fine motor abilities, eye-hand coordination, stability, finger strength, etc. through doing crafts or other projects. It takes power and perseverance to tear. Students in Grade 2 - 5 participated in an activity called 'Tearing and Pasting.' Children tore up pieces of multicoloured paper and pasted them together. The pupils were enthusiastic and bursting with enthusiasm. They had a strong desire to develop, learn, and explore.

c) Cultural Club

Children naturally love music! Whether it's soft and soothing or a lively tune, children feel it both physically and emotionally.

Rhythm Activities are a great way to bring the class together and focus. Children like to move, so starting the day with some musical activities is a great idea. The activity 'Household Instruments and Rhythm' was performed on October 15th. Students clapped their hands while the beat faded in and out. They used rhythm instruments or claps to create a continuous pace. The positive energy of sound brought smiles to the faces of students.

d) Yoga and Sports Club

A few minutes of yoga during the day can be a great way to get rid of stress that accumulates daily in both the body and mind. Yoga postures, pranayama and meditation are effective techniques to release stress. Meditation is relaxation that gives a calm mind, good concentration and rejuvenation of the body and mind. With this aim in mind, a 'Yoga Club' activity was organised on October 8th. The activities performed by the students in the yoga session were meditation to release stress as well as experience mental peace and physical yoga exercises aiming at an energised body.

e) Social Welfare Club

The social welfare club tries to instil in us the realisation that we are all indebted to society and that contributing to it in any way we can is a responsibility that we are all born with. Therefore, a social welfare club activity was held for students in grades 2 - 8 on the topic 'Do's and Don'ts in Public Places'. Skits, posters, speeches, and other activities were undertaken. The students were enthusiastic and engaged in big numbers in all of the activities. It was an interactive and instructive workshop that helped students inculcate the desire to serve the society in its time of need and to fulfil their societal responsibilities.

WORKSHOPS

a) Student's Workshop : Developing Social Skills

School has a significant impact on a student's social development. Learning social skills is essential for children's emotional health, academic learning, and willingness to collaborate and accomplish. Social skills, like problem behaviors and school attendance, are important determinants of academic

performance. On October 29th, a workshop on 'Developing Social Qualities' was held for students in order to instil these skills. Ms. Pooja Sehgal conducted the workshop. She started the programme with a very creative introductory session. All of the students were engrossed in learning how to improve their social skills by following the golden principles enumerated in the class. It was a well-planned session aimed at encouraging kids to discover themselves.

PTM@LPSSS

PTM was conducted at Lotus Petal Senior Secondary School on October 22nd. On the day of the PTM, parents met the class teacher and all the subject teachers for a detailed report of their ward. It includes :

- The academic performance was shared in-depth.
- Parents were informed about the student's punctuality, discipline, grades, class behaviour and co-curricular activities.
- The areas of strength and improvement were shared with the parents.
- Subject teachers provided chasmic knowledge about the performance of the child in the subject.

It was followed by a short feedback meeting of the teachers with the principal.

PICNIC & EXCURSIONS

Ice skating

On October 21st, students of grade 6, 7, and 8 who achieved 70% and more in their first terminal exams and had attendance above 90% were given the opportunity for ice skating at Ambience Mall, Gurugram with two school teachers. When they reached, they were given special boots that allowed them to skate. Two instructors were provided who instructed them for approximately 20 minutes before the students went off to have fun. Snacks were also offered to them. The kids stated that they felt obligated to participate in such an event and that they would work hard throughout the year to keep a decent score and result.

DAILY ASSEMBLY

“Look deep into nature, and then you will understand everything better.”

- Albert Einstein

Morning assembly undoubtedly holds the numero uno position out of all the routine activities in a school. It aids community participation as well as hones the skills of children on account of healthy competitive spirit between different groups. It's probably the first platform that is provided to young minds, boosting their confidence towards public speaking and imbibing

a feeling of team spirit in their nascent minds.

To give students a healthy start, the assembly begins with exercises to keep students active and enhance their energy levels, stamina, and strength. It also aids in improving the functioning of the brain.

The theme for the assembly for the month of October was 'Environment and Festive'. Every day, students shared a thought about how to preserve our ecosystem. For the purpose of establishing and upholding rigorous and sustainable environmental standards, the students pledged to become environmentally conscious members of society.

What we learned this month :

- October's theme - Environment and Festive
- Poem, speech, role play - Importance of nature
- Teachers talk - Importance of nature, festivals, personal hygiene, discipline
- Star of the month

Every month, an outstanding student from each class is awarded ' **STAR OF THE MONTH** '. Students are selected based on great academic achievement, exemplary personal and social qualities, a passion for learning and participation in the overall school activities, good attendance, punctuality, discipline, and serving as a role model by setting a positive example for others. Every student, regardless of skill, has the potential to be a star.

❖ **Stars of the Month for October 2022 :**

Class 2A - Farhan Taj

Class 2B - Aditya Raj

Class 3A - Prachi

Class 3B - Lavanya

Class 4A - Diksha priya

Class 4C - Priyanka

Class 5A - Utkarsh

Class 5B - Aditya kumar

Class 5C - Fiza

Class 6A - Anna kumar

Class 6B - Ravi kumar

Class 7A - Akshat

Class 7B - Rajnandini

Class 8A - Neeraj soni

Class 8B - Meenakshi

❖ **Class of the month**

To instil discipline and a sense of responsibility among students, points are awarded to each class on the basis of their assembly, class cleanliness, overall discipline, uniform and personal hygiene by the teachers and the facility staff. The same is compiled at the end of the month and the best class was awarded to the class with the maximum score.

Best classes of the month for October

First floor - Class 4C
